

[What are the learning opportunities for adults?](#)

We encourage all adults to participate in Alpha. Alpha (offered twice a year) is a casual exploration of the Christian faith. We enjoy a meal together, watch a short talk on video, then talk about it with respect and acceptance for all opinions and perspectives. Alpha is an excellent opportunity to get to know others, explore faith, and ask questions with no pressure and no strings attached.

Foundations is our membership class. It's a three-week series offered twice a year. In this class you will learn more about what we believe and why.

Groups @ SJC are a great way to grow your faith and connect with a community. Connect with a group and explore the Bible in practical, thought-provoking studies and series.

Additionally, bible studies and book studies are periodically held during the year at SJC.
