

*Dear Beloveds of St. John's,*

*Behold each other this Easter Season with light and love.*

*Blesses love blessing you,  
Nancy +*

Do you ever find yourself full of tears while full of joy? Did you ever wonder if they were two sides of the same precious coin of life? As I sit here responding to emails of virtual vulnerability, the beloveds of God gently asking with thinly veiled language, for such simple things like:

To be known  
To be seen  
To be loved  
To be noticed  
To be heard  
To matter

We, each of us have the capacity to see, to love, to know, to listen, and to notice at least one other person today. With just five or twenty or 60 minutes you could change a life!

With your gift of time you could even save a life.

Your name would join the names in the scrolls of heavens hero's and heroines. Do it, today! See someone for the first time; honor their existence; hold their story close to your heart and then whisper their name, lift it up to heaven and say,

*"Behold...this is your son; this is your daughter...give your angels charge of their waking and their sleeping". Amen*

*Christ came to fill  
Our hearts with joy  
Our minds with truth  
Our souls with peace  
Our lives with love  
And the hungry with good things  
Christ came to fill & leave nothing but an empty tomb.*
